

## Manage your menu

The Merrychef **eikon<sup>®</sup> e4s** is the perfect solution to meet your customer demand for high quality 'food on the go'. A versatile high speed oven with the capacity to quickly cook a high volume of food without compromising on consistency or quality. Easy to use even for untrained staff, ideal for quick service outlets and convenience stores.

-  **High speed**  
Up to 15x faster than other cooking methods.
-  **Versatile**  
A single appliance with a large 14" x 14" oven cavity that cooks, toasts, grills and reheats food from fresh or frozen. Designed to operate quietly, suitable for front or back-of-house.
-  **Easy to Use**  
Pre-programmable menus and an easyTouch<sup>®</sup> icon-driven touchscreen guarantees high quality repeatable results.
-  **Efficient**  
UL certified ventless, no need for an extraction hood and easy to install. Energy efficient at 0.67kWh on standby, saving money when not in use.

# Consistently high quality food and quick service

This versatile high speed oven has the capacity to cook a high volume of food, up to 15x faster than a conventional oven without compromising on quality. The large oven cavity makes it suitable for 14" pizzas or 4 subs. UL ventless technology allows for easy installation and its low noise operation makes it suitable for use either front or back-of-house.

A wide range of pre-programmed menus and an easyTouch® icon-driven touchscreen makes it easy for untrained staff to use. The icons help overcome

any language barriers, reducing errors and food wastage, making the Merrychef eikon® e4s ideal for any busy, quick service operation.

## Precision Technology

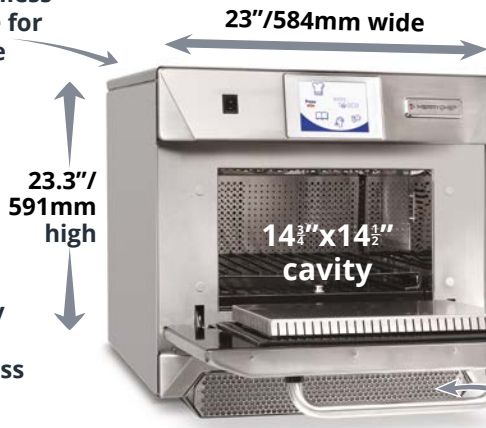

Advance cooking technology® cooks up to 15x faster than a conventional oven with fast, even cooking across large or small quantities of food, due to the uniquely balanced cooking combination of convection heat (3200W), microwave power (1800W) and impingement.

✓ **Brushed finished stainless steel exterior suitable for front or back-of-house**

✓ **Cooks up to 15x faster than a conventional oven**

✓ **Air curtain technology provides a constant supply of cool air across the front of the oven**

✓ **Operates quietly; 45.7dBA on standby**

✓ **UL certified ventless, no extraction hood required**

✓ **USB memory stick data transfer of up to 1024 cooking profiles**

✓ **easyTouch®, icon-driven touchscreen for high quality, repeatable results**

✓ **Easy to clean, smooth surfaced cavity and installed cleaning tutorials**

✓ **Easy access front-mounted air filter**

✓ **Integrated catalytic converter absorbs grease, helps eliminate food odour**
